

# TRIMS

## TRIMS OVERVIEW

Designed to increase day and night visibility, Safe Reflections Trims can be used on a variety of occupational safety apparel. Our trims are ideal for workers in construction, foundries, warehouse, waste management, and the chemical and mining industries. Safe Reflections provides an array of options in High Visibility Lime-Yellow and High Visibility Red-Orange.

## THE DIFFERENCE OF SAFE REFLECTIONS TRIMS

Safe Reflections Flame Resistant, Industrial and Home Wash trims are made with 3M™ Scotchlite™ Reflective Materials and are laminated or sewn on a high visibility webbing. Ideal for occupational uniform safety our line of trims can provide enhanced visibility for all of your uniform needs.
